

**Council Member Motion
For the Committee of the Whole Meeting of May 16, 2019**

Date: May 10, 2019

From: Councillor Ben Isitt

Subject: Transitioning from Commercial Horse-Drawn Carriage Operations to E-Carriages

Recommendation:

That Council refer the following resolution to the next Quarterly Update, with staff providing information on the resource implications of proceeding with the action outlined:

1. That Council amends the Strategic Plan 2019-2022 to include the new 2020 action: "Develop regulations to phase out commercial horse-drawn carriage operations on city streets by 2023, providing adequate notice to operators, employees and members of the public."
2. The Council encourages collaboration between industry and the City to explore the feasibility of "e-carriages" to provide ongoing opportunities for tourism, employment and economic development through innovative deployment of electric-powered vehicles for hire, as soon as practicable and continuing after 2023.

Respectfully submitted,
